Many a Good Mystery Story Lies Unsung in Businessman's Files

The envelope with my name on it had a New York City postmark and the following legend in box-car letters:

"Your Road to Writing Success!" I rubbed the lamp cautiously, tore open the envelope and settled down to see what Mr. Aladdin had to say. I read:

"Do you have any unsold articles, short stories, books, plays, scenarios, television manuscripts? Then it is time that you choose a reputable, enterprising, and outstanding literary agent to handle your literary output for sale!"

I haven't answered this merchant of literature. The fact is, I am fresh out of television manuscripts. And I don't have any on the planning board.

To tell the truth, I feel there are more and better mystery stories kicking around the correspondence files of American business than have ever been fictionalized. I am going to give you a free sample today.

The following is Hope Star's side of a five-months correspondence with one of the major machinery manufacturers of America, Monomelt Co., Inc., Minneapolis, Minn. Both of us know our business. They built the machine; and George Hosmer, Star mechanical superintendent, tells me what to write when ordering replacement parts for some missing accessories. The difficulty is that all machinery is complicated, and every machine-shop and garage man understands the conflict between the English language and a parts catalog.

Here are the excerpts from my letters to Minneapolis (note the dates as you travel along this Road to Writing Failure):

October 27, 1961 — Dear sir: For our Plane-O-Plate shaver, bought this month from Arkansas Democrat, Little Rock, Ark., Model C-1, Serial No. 158, we need the following parts, etc.

November 16, — Dear sir: With reference to our letter of October 27, placing an order for certain parts for Model C-1, Serial No. 158, Plane-O-Plate shaver —

Catalog No. 15082-A (Old Style Safety Razor Assembly) arrived here all right but our order seems to have been defective. We are short the following accessories, etc.

March 11, 1962 — Dear sir: Re our Model C-1, Serial No. 158, Plane-O-Plate shaver —

In letters October 27 and November 16, 1961, we ordered certain parts for the Old Style Safety Razor Assembly; but our list is still deficient. We need the following:

Part No. 15051, with two screws for same.

The second item will have to be described since there is no part number listed for same in your manual. Connecting Nos. 15082 and 15154 is an unnumbered link working with a spring, No. 15206. We need both the link and the spring.

March 21 — Dear sir: Re our Model C-1, Serial No. 158, Plane-O-Plate shaver — Answering our letter of March 11 requesting missing piece for the machine we bought last fall from the Arkansas Democrat, Little Rock, Ark., which we described an item that had no serial number, you shipped same to us — however, it isn't the right piece.

What you shipped us was No. 15055, Safety Trip Rod Assembly. We have this assembly already on the machine.

The part we need apparently is the Safety Trip which connects No. 15082-A and the Safety Trip Rod Assembly No. 15055. When we get this matter finally cleared up we will return the extra No. 15055 you sent us.

March 26 (yesterday, that is) — Dear sir: Re Model C-1, Serial No. 158, Plane-O-Plate shaver — I suppose by this time you think our town was one of those hit by last week's tornadoes — but the fact is we still don't have the right piece for the above machine, about which we wrote you March 11 and again March 21.

Replying to our letter of the 21st you sent us a shipment which on being opened today also proved to be the wrong item.

I am attaching to this letter Page 21 of your Parts Catalog with the item we want marked in ink, apparently an egg-shaped piece. Please send this to us — along with a new Parts Catalog.

End of Correspondence

I presume the reader will want to know what we were going between November 16 and March 11 that there were no letters during all that time.

Well, December was the time of the Christmas rush in the shop, and Mr. Hosmer was exhausted.

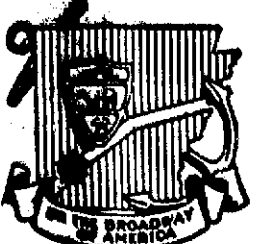

In January and February we had the general audit and the ABC circulation audit, and I was exhausted.

The first week of March we wound up the income tax returns, and everybody was exhausted.

And I imagine the Monomelt Co. up in Minneapolis, Minn., wish we had stayed that way.

Wilson Delays Plan to Head Steel Strike

Washington, March 27 (AP) — Defense Mobilizer Charles E. Wilson dropped plans today for a top level parley of government officials concerned with the threat of a steel strike April 8.

Instead, he talked separately with the various price and wage control executives and ruled out any announcement today of what he may do next to head off a strike.

Wilson has declared the recommendations of the wage stabilization board proposed 17 1/2-cent hourly pay increase and other benefits for the CIO steelworkers are inflationary and too high. This statement stirred up wrathful retort from CIO President Philip Murray and the union declared that if the steel industry doesn't accept the WSB recommendation, the responsibility for a serious strike will be on the companies.

Villagers in Malaya Under House Arrest

Kuala Lumpur, Malaya, March 27 (AP) — Gen. Sir Gerald Templer, new commissioner, clamped a 22-hour house arrest on the 5,000 villagers of Tanjong Halin and slashed their rice rations today as punishment for the Communist ambush slaying yesterday of 12 persons.

Summoning 300 of the village elders into the school house, Sir Gerald accused the village of being the worst Communist area in Malaya, said many were withholding knowledge of Communist terrorist activities and ended with this parting shot:

"The solution is largely in your hands. Have some guts and shoulder the responsibility of citizenship."

Many in the audience were Chinese who do not have citizenship. Many villagers glowered angrily as the orders were issued.

Two Britons, two Malayan civilians and eight Malayan policemen were killed in the ambush yesterday.

There have been 40 incidents in the area since January, including five ambushes, 10 attacks on military and police and a train derailment. In that time, Sir Gerald said only three persons had volunteered information, although 15 persons have been killed and 11 wounded.

Visibly angry, the slim general in a uniform of jungle green visited the village 45 miles north of here to disclose his first iron-fisted action since he arrived six weeks ago.

Herbert Griffin Named Head of Local VFW Post

In a meeting last night members of the VFW post elected Herbert Griffin commander of the organization. Other officers include:

Senior commander, Ed Aslin; Junior commander, Lile McMahon; Chaplain, the Rev. Charles Chambers; Post Surgeon, Dr. Jim McKelzie; Trustee, Steven Bader; Trustee No. 2, Ed Smith; Quartermaster, Claud Byrd and Judge Advocate, John L. Wilson.

Student to Visit Local Industries

The Education Committee of Commerce, composed of Henry Haynes, chairman, Mrs. Sue Somerville, Miss Rosa Harrie and Teddy Jones, met in the Chamber of Commerce office Tuesday afternoon with Horace Hubbard.

Mr. Hubbard is the vocational counselor in the high school and is teaching a course in occupations. He explained to the committee that it would be very beneficial for the students in this class to visit some of the industries in Hope. A list of some five industries were submitted to the committee for arrangements to be made to visit them next week. The arrangements have not been completed but the committee is finding very good cooperation on the part of the industries to take care of these boys and girls.

Mr. Hubbard also stated that the class is working on the possibility of some radio and newspaper material in connection with these field trips.

Marlbrook to Hear Dr. Williams

Dr. John C. Williams of Washington will conduct a special service at Marlbrook Church on Sunday, March 28 at 11 a. m. Marlbrook Church is the oldest Presbyterian church in town.

3,750 Soldiers to Stay in Hope Over 5-Night Period

Some 3,750 soldiers and 1,250 trucks will spend a night in Hope from April 18-22, it was announced today by Mayor John L. Wilson.

Mayor Wilson said he had been contacted by army personnel about facilities here to take care of five groups of 750 men and 250 trucks for five consecutive nights. Arrangements were made to let them use Fair park.

The Mayor said he would learn details later. The troops presumably will be enroute to their bases following an end of maneuvers in Texas.

Salary Key Issue at Meet of Teachers

Little Rock, March 27 (AP) — The 83rd annual convention of the Arkansas Education Association opened here today with some 5,000 teachers expected for two days of group and general sessions.

The convention itself was preceded last night by a dinner meeting of the AEA's Department of School Administrators, at which J. Cloyd Miller of Dornier, N. M., president of the National Education Association, declared that "We must have one out of 10 high school graduates prepare for teaching if we are going to staff our schools in the next 10 years."

The NEA president urged superintendents to lead the way in encouraging faculty members to sign up with professional groups — an affiliation he deemed highly desirable.

Hal Kennamer, Paris superintendent of schools, was elected president of the Department of School Administrators. He succeeds Hays Gibson of Conway.

The Arkansas Gazette today said the AEA's governing body, the Council of Education, proposed a minimum salary of \$1,200 a year for teachers.

The newspaper said the AEA Legislative Committee would recommend revision of the so-called Autry law to fix higher minimum salaries and to guarantee payment if school terms had to be cut short.

Famous Contralto, Dorothy Ellison, Sings Here April 1

A musical treat is in store for Hope citizens at city hall Tuesday, April 1, with the appearance of contralto Dorothy Ellison, under the sponsorship of the Hope Civic Improvement Association.

She will be accompanied by a member of the Horace Heidt show, Hilyard Patterson, who appeared here last year.

Tickets for white music lovers are on sale at the Chamber of Commerce office. For Negro patrons tickets may be purchased at Hick's Funeral Home, Lewis Gro., and Mkt., and Calvin's Place.

The Poor Man's Philosopher Thankful for Spring When Its Paradise in the World

By HAL BOYLE
New York, March 27 (AP) — Spring prayer by the poor man's philosopher:

It is such a beautiful season, Lord, that everything upon the budding earth and bending sea should share thine own vast compassion. Teach us to understand the eternal why of all unlovely things.

Such as—
Poison snakes, biting dogs, poison ivy, puppies in zoot suits, the thorn upon the rose's stem, the stinging thistle underfoot, gossips and witches and people too big for their britches.

Yes, such as toll roads and taxes, road hogs and gay old dogs, tourist traps and wessels and the daubs of paint upon modernistic artists' easels.

Show us thine own endless patience in dealing with our daily vexations and frustrations.

Such as—
Falling hair and rising prices, doors that jam, slide fasteners that stick, relatives and wonder dogs that won't work, television sets that work too often, drug clerks who try to sell us deodorants and lotions, and statements with weird political notions.

Grant us, O Lord, thine own mercy in judging the stuffed shirts of our time.

Such as—
Political nihilists and communitarians, subliminal persons

Stevenson Says No to Backing of President

Springfield, Ill., March 27 (UP) — Gov. Adlai E. Stevenson said flatly today that he would not seek the Democratic presidential nomination despite reports that Mr. Truman would like him to be his successor in the White House.

"I cannot and will not seek the Democratic nomination for president," Stevenson said. And he repeated once again his statement that "I am a candidate for re-election as governor of Illinois and for nothing else."

"And I hope that is all that happens to me," he said.

Stevenson's firm denial that he had any ambitions to become president at the present time came amidst a sunburst of press reports that Mr. Truman had offered him the nomination and also that he firmly declined it.

The St. Louis Post-Dispatch in a copyrighted story from Washington said the President had offered Stevenson his support if he wanted to run as the Democratic standard bearer.

The Post-Dispatch said Mr. Truman chose Stevenson after conferring with Democratic leaders because the Illinois Democrat was "the strongest man for continuing the administration's foreign policy and one who would be a unifying influence within the Democratic party."

But the newspaper added that Stevenson had declined the offer.

Sixteen Are Injured in House Fire

Chicago, March 27 (UP) — Sixteen persons — seven of them children — were injured today when flames raced through a three-story rooming house on Chicago's near North Side.

Five of the injured were hurt when they leaped from a top floor window to escape the flames.

Others of the 35 occupants of the dwelling slid down ropes fashioned from twisted bed sheets.

The most seriously injured was Hilda Placencia, 13, who was taken to Passavant Hospital with severe burns over her entire body. Physicians said there was a chance she might not live.

Five members of one family were injured when they leaped from their third-floor rooms into a courtyard below. One of them landed on another occupant.

Perseverado Chacon, 30, was awakened by the odor of smoke. He grabbed up his seven-year-old son, Gilbert, and leaped out a window as the flames crept up the aged building.

His wife, Angelica, 25, took another son, Victor, 4, in her arms and followed her husband through the window.

Then Mrs. Chacon's sister, Miss Jennie Salazar, 22, leaped. She struck Albert Brown, 41, a railroad switchman, who sounded the alarm when he discovered the fire after he returned home from work. All six were taken to Hennrich hospital.

4-H Club Boys to View Dairy Demonstrations

Friday morning at 9:30 all 4-H Club boys with dairy demonstrations are invited to the dairy of Donald Ray Brown and his father Lester E. Brown, at Spring Hill.

Donald Ray and Richard Lynn Hunt, both outstanding young dairy men, will give simple demonstrations of practices necessary in successful dairy management including selection and care. The meeting will include a visit to the Vernon and Earl Brown dairy on the Battledore road to inspect the quality dairy heifers and cows in the herd.

All 4-H Club boys with dairy demonstrations underway or planned who do not have transportation to the Brown dairy may meet at the office of County Agent Oliver Adams at 8 o'clock Friday morning for transportation. The youth dairy study program will end at noon.

FBI Rounding Up Trucking Employees

Danvers, Mass., March 27 (AP) — FBI agents today began a roundup of all former employees of the U. S. Trucking Corp., one of whose armored trucks was robbed of \$881,000 in Danvers Square Tuesday while its three guards slipped coffee 20 feet away.

The Federal Bureau of Investigation maintained an official silence on the matter but the information was divulged by a source close to the investigation.

The source, who asked that his name not be used, said he believes the FBI hopes to determine if one of the former employees kept a key to the truck when he left the employ of the armored car service or divulged how a key could be obtained.

At the same time, Boston police swooped down on all known gangsters — "pretty and big-time alike" — and made them account for their time Tuesday morning.

Boston police took that action after it was revealed the keys to the company's armored trucks were kept in an unlocked drawer just inside the entrance of a garage in Boston's north end.

Some police officers have expressed the opinion there might be a connection between the armored car robbery and the still-solved \$1,210,000 Brink's Headquarters robbery on Jan. 17, 1950.

The U. S. Trucking Corp.'s armored trucks are kept in the same waterfront garage that houses Brink's Boston headquarters.

The Danvers robbery is believed to involve the second biggest cash haul in U. S. crime history. The biggest is listed as the Brink's robbery.

Farmer Killed, Daughter Shot at Sparkman

Sparkman, March 27 (AP) — A 65-year-old Sparkman farmer was killed and his daughter was shot by an unidentified Negro prowler here yesterday.

A posse was searching for the man today.

Sheriff Reece A. Parham identified the victims as Green Roberts and Mrs. Irene Holloway, 32.

Parham said Mrs. Holloway related that she and her father had gone to inspect a vacant house on Roberts' farm near Sparkman. She heard a noise inside the house and Roberts started in after arming himself with an ax.

A Negro appeared, shot Roberts down with a shotgun and then forced Mrs. Holloway to accompany him down a road. When Mrs. Holloway ran, the man fired, the charge striking her in the hand. The slayer fled.

No incidents were reported, although Tunisian Nationalists were openly incensed at the arrest and exile to the interior of Premier Mohammed Chenik and three of his top ministers.

In Paris the powerful Socialist Party and the MRP (Popular Republican Movement) — Foreign Minister Robert Schuman's own party — both appeared ready to demand a full explanation from Pinay for the unprecedented action early yesterday. Schuman's ministry has charge of Tunisia's administration.

Two other Tunisian ministers, whose activities in Paris since January had been vehemently protested by the French government, flew quietly out of Paris to Geneva, after going into hiding for 24 hours to escape the fate of their colleagues in the Tunisian capital.

In this two-language capital, the Arab City was deathly quiet, in the grip of a complete shutdown by Moslem storekeepers and workers. The French city appeared normal.

Grand Jury Finds 5 True Bills; Urges Harsh Fine Policy

Jury Calls 10 Witnesses in Highway Probe; Lambert Quits as Commission Chairman

Little Rock, March 27 (AP) — Ten witnesses appeared at the opening session of the Pulaski County Grand Jury investigation into operations of the Arkansas Highway Department. The investigation continued today.

The jury began its hearings behind closed doors yesterday. The probe is a result of recent findings of the Highway Audit Commission. Identity of some of the witnesses spurred speculation that at least four matters discussed by the HAC were under consideration by the jury.

These included:

1. A transaction in which Earnest Freshour, Sweet Home contractor, said he paid "rental fees" on trucks he never used to assure getting a road contract.

2. The sale in 1930 of \$103,000 worth of vehicles to the Highway Department by H. T. (Red) Crawford without competitive bids.

3. The stockpiling of crushed rock in 1930 when two contractors — Fell Vaughan of Little Rock and Gordon McNulty of Pine Bluff — allegedly received 80 per cent of the \$25,000 in contracts.

4. Testimony by Max Lyons of the Lyons Machinery Company that he was told to contribute \$500 to Gov. McMath's campaign fund in order to "do business with the Highway Department."

Witnesses other than Vaughan, Freshour and Crawford who appeared yesterday were P. G. Wilson of the St. Louis firm that conducted the HAC audit; J. C. Baker, former highway director; Highway Director Olen Fullerton; C. C. White, Pulaski county road engineer; John L. Carson, bookkeeper for the Lyons firm; M. C. Methvin, former state forces engineer, and Mrs. Sybil Carter, secretary to Crawford.

Political Storms Brew in Tunisia

Tunis, Tunisia, March 27 (AP) — Tunisia was ominously clam today but political storms raged elsewhere over yesterday's sudden French clamp-down of martial law and the arrest of four top Tunisian cabinet ministers.

In Paris, at least two major political parties prepared to take the already-shaky government of Premier Antoine Pinay over the coals for the dramatic and drastic action.

Two other Tunisian ministers, whose activities in Paris since January had been vehemently protested by the French government, flew quietly out of Paris to Geneva, after going into hiding for 24 hours to escape the fate of their colleagues in the Tunisian capital.

McCarthy Suit Brings Up Immunity

Washington, March 27 (AP) — The McCarthy vs. Benton law suit brought disagreement among senators today over whether a member of Congress can waive constitutional immunity from legal action in such a case.

Sen. McCarthy (R-Wis.) yesterday sued Sen. Benton (D-Conn.) for two million dollars, accusing him of "libel, slander and conspiracy."

Benton had no immediate comment but his office said he plans to issue a statement today.

The suit was based on Benton's charges under oath last September that McCarthy committed perjury, fraud and "calculated deceit" in pressing his Communist-in-government charges.

Benton made the charges before a Senate elections subcommittee. He demanded that McCarthy be expelled from Congress. The Constitution says members of Congress cannot be sued for remarks they make in Congress.

In a Senate speech last week, however, Benton offered to waive his immunity and to accept "full legal responsibility."

In his suit, McCarthy based the action on Benton's waiver offer.

That started discussion among other senators as to whether a member of Congress can shed constitutional immunity. McCarthy himself said he knew of no precedent for a suit based on such a waiver.

Two senators generally regarded by their colleagues as experts on constitutional law took differing views.

Sen. Ferguson (R-Mich.) said he believes Congress members can waive immunity, "just as a man can waive his constitutional right to a trial by jury."

Sen. Millikin (R-Colo.) said he was "inclined to doubt very much" that immunity can be discarded.

Expressing still another view, Sen. Sparkman (D-Ala.) said the issue of whether it can be waived probably wouldn't even come up for a court test in the Benton-McCarthy case if Benton doesn't claim immunity.

Padlock Order on Hall Place, 5th & Walnut

The Hempstead county grand jury filed in circuit court this morning the fourth report on its deliberations of March 10, and thanked and discharged by Judge Dick Hule.

Only 30 minutes was required for the final conference in the grand jury room between prosecuting Attorney G. W. Lookadoo and the investigating body, Grand Juror Foreman Roy Anderson, read the foreman's report to all the jurors after which he signed the report as did Geo. F. Newborn, Jr., one of the jury.

The following action was taken on the Circuit Court on grand jury indictments:

Sam Ingram and Clarence Chatham, both indicted on charges of selling liquor, entered pleas of guilty, passed for sentence April 7.

Salilo Lou Hall, charged with selling liquor, pleaded not guilty, set for trial April 7. A petition to padlock a place operated by Salilo Lou Hall was granted temporarily with hearing for permanent padlock set for April 7.

Action was delayed on the case of Clement Hood, charged with selling liquor and Bob Carroll, charged with accepting bribe on horse races.

Mr. Newborn then reported report in open court before Hule, and the jury was dismissed.

Following is the complete report of the grand jury's findings of March 10 (names of those indicted can't be disclosed until after have completed the action):

To Honorable C. R. Hule, Circuit Judge, Eighth Judicial Circuit, Arkansas:

We, your Grand Jury, duly convened on the 10th day of March, 1952, in and for Hempstead county, respectfully submit the following report for your approval.

DOROTHY DIX

Key To Popularity

Dear Miss Dix: We have just moved to a suburban town from the city. I am finding it very difficult to make new friends, as most of the people around here have known each other for years. I'm a sophomore in high school. After school I have nothing to do but sit home and study or read. My mother says she's tired of my moaning, but I do miss my friends in the city and don't know what to do with myself here. Have you any suggestions?

VIVIAN

Answer: It does often take a little time and patience for one to break into a new and already established "crowd" but it certainly is not the hopeless task you make it. Your schoolmates are just waiting to see if you measure up to their standards before accepting you as one of themselves. In the meantime, I have a few pointers that may help. Proficiency in four major fields of personal endeavor will soon bring you all the friends and dates you could possibly hope for. Here they are: Take the four letters that spell G-I-R-L! Let each one remind you of a trait you must acquire and perfect. These are the things you must do: Groom, Interest, Relax, Live! Not too difficult an assignment is it?

Groom: Your appearance of course is the first thing people notice about you, and from it they can form the most amazing conclusions. If you happen to be an untidy person, you'll be

Banking Empire Is Attacked

Washington, March 27 (AP) — The Federal Reserve Board is reported favoring 3 to 2 an order to break up as a monopoly the huge Trans-America banking empire.

It was built by the late A. P. Giannini in California, Oregon, Nevada, Washington and Arizona. The board counsel says it includes 48 banks with 667 banking offices. Reliable informants said the board majority was planning an order which would let Transamerica keep its minority stock in the Bank of America chain in California — the world's largest bank — but would force it to give up its interest in the banks in the other four states.

The proposed road would parallel the river between Lake Itasca, Minn., and the Gulf of Mexico.

Which One Has "That Look"?

Monthly "Nerves" Are Easy To See

You, too, may not be able to hide that tired, nervous, jittery look each month no matter how much "make-up" you use. Keep your secret safe during "those" days — don't be the one girl in three who shows the strain from tell-tale nerves and cramps — buy "that look".

Take Cardui, a special medicine trusted by thousands of women, girls to help insure against "nerves" and other signs of monthly misery. A little Cardui each day helps build strength so resistance may be greater each month, nervousness and suffering less and less. Look more natural — feel and sleep better. Ask your dealer for Cardui.

*Many scientists estimate that at some time during life 1 out of every 3 women suffers from monthly discomfort.

Extension of Foreign Relief Aid Asked

Key West, Fla., March 27 (AP) —
President Truman today asked
Congress for extended authority to
subsidize foreign relief shipments
and said he planned to ask later
for power to continue guarantee
of publishing investments abroad.
The Mutual Security Agency now
has such powers — as did the old
Economic Co-Operation Adminis-
tration which it replaced — but
authority expires June 30.

Legislation is before Congress to
authorize the President to desig-
nate any government department
or agency to continue subsidizing
relief shipments.

In identical letters to chairman
Connally (D-Tex.) of the Senate
Foreign Relations Committee and
Chairman Richards (D-SC) of the
House Foreign Affairs Commit-
tee, the President urged passage
of this measure, and added:

"At an early date there also will
be submitted for the consideration
of the Congress a request for au-
thority to enable the government
to continue the work of guarant-
eeing investments in informational
media enterprises."

The President said authority for
both purposes is needed to support
"the mutual security efforts of the
free world." He said "It is essen-
tial that these activities be car-
ried on after June 30, 1952."

His letter was largely a report
on legislative authority Mutual Se-
curity Director W. Averell Harr-
iman will need when some of the
power he now has under old ECA
legislation expires June 30.

Since Congress, in the Mutual Se-
curity Act, reaffirmed the proposi-
tion that the mutual security ef-
forts of the free world should not
fail "because some co-operating
countries can not now provide all
the physical and financial re-
sources required for defense mo-
bilization," the President wrote.

The Mutual Security Agency al-
ready has adjusted its program
and organization, and has curtailed
some functions and modified oth-
ers in order to direct its full ef-
fort to the objectives of the mutual
security program.

Officers Search for Robbery Clues

Danvers, Mass., March 26 (AP) —
Stranded in their quest for clues to
the hold \$681,000 robbery of an
armored truck here, police and FBI
agents today pushed search for an
eye-witness to the huge theft.
Danvers Police Chief Raymond
Kirwin said law officers "can't find
a soul" who saw the money taken
yesterday from the truck as it
stood unguarded outside a drug
store. Its crew was having coffee.

McCarthy Files Suit for \$2 Billion

Washington, March 26 (AP) — Sen.
McCarthy (R-Wis.) said today he
has filed a two billion dollar "libel,
slander and conspiracy" suit
against Sen. Benton (D-Conn.) who
has demanded that McCarthy be
ousted from the Senate.

McCarthy told reporters the suit
was filed in Federal District Court
here, and is based on Benton's
charges last September that Mc-
Carthy had committed perjury,
fraud and calculated deceit of the
American people in pressing his
Communist-in-government ac-
cusations.

Says Eisenhower to Return Soon

Denver, March 27 (AP) — The Rocky
Mountain News said in a copyright
story today that it had learned Mrs.
Dwight Eisenhower had written a
friend here saying she and her hus-
band intend returning to the states
within a month.

The friend, Mrs. Dick McCusker,
told The Associated Press her re-
marks had been misinterpreted.
The newspaper said Mrs. Eisen-
hower and Mrs. McCusker were
girlhood friends. Mrs. Eisen-
hower's parents live here.

The McCuskers planned to visit

the Eisenhowers in Paris next
month during a six-week tour of
Europe, but that Mrs. Eisenhower
wrote that she and her husband
planned to be in the states at that
time, the News reported.

Little Rock, March 26 (AP) - The Arkansas Board of Law Examiners says 12 out of 24 applicants passed state bar examinations held here earlier this month.

Applicants making a grade of 75 or better included:

Daniel M. Burge of Blytheville; William I. Prevett and Willey A. Branton, both of Fayetteville; Ralph M. Sloan, Jr. of Jonesboro, and Hardy W. Croxton of Rogers.

Truckers End Weight Protest

Somerset, Pa., March 26 (AP) - The United Truckers Association early today announced the end of a protest parkdown against Pennsylvania's 45,000 pound gross weight law for trucks.

A spokesman for the organization said its Board of Directors had voted to call off the parkdown temporarily because the owners and operators want to deliver their loads and return home before their licenses expire Monday night.

Rule Changes Submitted by Cage Group

Seattle, March 27 (AP) - Basketball's rules doctors will operate today on late-game stalling and cheap fouls - and in the opinion of most coaches who watched a trial run last night it should be major surgery.

It seemed certain that the rules body - would come up with something along the line of last night's experiment in the Illinois-Santa Clara consolation game at the NCAA championships, won by the Illinois 67-64.

Briefly, here were the changes tried:

1. All foul shots had to be taken. Present rules permit a fouled team to take the ball out of bounds and retain possession, instead of shooting.

2. A second shot was awarded when the first was missed on any foul, either defensive or offensive, up to the final three minutes.

3. In the final three minutes, every foul was considered intentional and worth two shots.

The ball remained in play if the last foul shot was missed. It went to the opposing team if the foul was made.

Howard Hobson, Yale coach, had this to say:

"It certainly didn't hurt the game and made it faster, with a better finish. There was the same ball hawking. In my opinion the trial was very successful."

Harry A. Combs, coach of the Big Ten Champs from Illinois, called the changes "very fine."

"They had a lot of merit from the spectators' standpoint and took the pressure off the officials. We experimented with the same rule in the Big Ten two years ago and liked it," he added.

Bill Morris, assistant coach at Washington, thought the revision was well balanced because "forced shooting of all free throws gives the team being a chance to catch up, while two shots on all fouls in the final three minutes also helps a team deliberately fouled."

The major dissenter was Santa Clara's coach, Bobbie Feurich, who thought the idea would increase, rather than curtail, stalling. He said a team ahead, knowing it would get two shots in the closing minutes, would invite fouls by hanging onto the ball. That's what his team tried to do, and failed, with the score 58-58 at the three-minute mark.

The crowd watching the Illinois-Santa Clara encounter did not seem to notice that free throws would not be waived.

None of the coaches questioned made any mention of this phase of the experimental rule change.

However, the National Association of Basketball Coaches went resoundingly on record, 45-5, yesterday in favor of banning the waiver of foul shots. They sent this recommendation along to the national rules committee, along with several others in the same vein as those tried last.

The rules group, which was due to wind up at noon today, was reported by a spokesman to be in general agreement on the need for "untweaking" the final minutes of games and making fouls more costly.

Plenty Ships in Atlantic for War

Washington, March 26 (AP) - The Western Allies have insufficient ships in the Atlantic to face war in Europe, says the supreme naval commander for the North Atlantic Treaty Organization.

Adm. Lynde D. McCormick told a Pentagon news conference yesterday there is a shortage of anti-submarine forces and in vessels needed to supply and support land warfare in Europe.

The security of the Atlantic, McCormick said, depends primarily on what modern ships and equipment the United States can supply.

Harriet Hurling Is Helping the Browns

By RALPH RODEN

Earl Harriet, a slim 31-year-old right-hander is making good in what probably will be his last chance to stock in the major leagues.

Harriet, a knuckle ball artist, has turned in some fine pitching for the "new" St. Louis Browns. At the moment he is counted on for relief chores, a job he previously performed for Washington and the Chicago White Sox in 1948.

Earl's chief claim to fame to date is the two no-hitters he pitched for Syracuse of the International League in 1946. This feat earned him a promotion to Chicago, he toiled for the White Sox in 1947 and after dividing the 1948 season with Chicago and Washington, returned to the minors.

He was drafted for \$10,000 by the Browns from Oakland last fall, probably upon the recommendation of Brownie Manager Rogers Hornsby. He won 10 games for Oakland last year and impressed Hornsby, who was pilot at Seattle.

The Browns, behind the stout pitching of Ned Garver and Harriet, turned back the Pittsburgh Pirates, 4-2, at San Bernardino, Calif., yesterday. Harriet was touched for both Pittsburgh runs in the ninth.

The Chicago White Sox exploded for five runs in the ninth inning to down the Cleveland Indians, 8-6, at Tucson, Ariz. Rookie George Wilson, once with the Boston Red Sox, broke up the game with a three-run homer off recruit Gerald Pahl.

Hornsby also figured prominently in the New York Giants' 9-6 triumph over the Chicago Cubs at Phoenix, Ariz. The victory was the Giants' seventh straight.

Bobby Thomson, Al Dark and Whitey Lockman homered for the National League champions to wipe out a 4-0 deficit. Ron Northey poked a round-tripper for Chicago in the seventh against Sal Maglie to end Maglie's streak of 19 scoreless innings.

The Baltimore Orioles of the International League turned back the Philadelphia Athletics, 5-3, at Hollywood, Fla.
